Over 250 patients randomised!

MACRO data entry

We are over halfway through the study's 6-month internal pilot, so please make sure to enter data on the e-CRF web portal:

<https://ctu.icnarc.org/macro/>

Screening logs

Thanks to all who have been regularly submitting screening logs - these are very helpful for study monitoring. Please continue to send logs every 2 weeks and don't forget to remove any patient identifiable information prior to submission.

Dr Ben Lakin has been a superstar at Alder Hey Children's Hospital, randomising 3 out of the first 4 patients. He is engaged with the study and sets a great example for the clinical team. Thank you, Ben!

Milestones

- **14** sites opened to recruitment
- **251** patients recruited

Congratulations to **Great North Children's Hospital** for recruiting the **100th patient**, and to **St Mary's Hospital** for the **200th patient**!

We appreciate your continued enthusiasm and engagement with the study - keep up the great work and let us know how we can support you!

PICANet

If your unit participates in the PICANet audit, please inform your unit's PICANet lead to record '**Oxy-PICU RCT**' and the **patient's Trial Number** in the field '*Is this patient on a clinical trial?*' for each recruited patient. Guidance on extracting data from PICANet web will be provided soon.

TOP RECRUITERS

By participants:

- 58 Great Ormond Street Hospital
- 27 < Southampton Children's Hospital
- St George's University Hospital
- 23 John Radcliffe Hospital
- 22 Birmingham Children's Hospital
- 18 Bristol Royal Hospital for Children
- 16 Royal Manchester Children's Hospital

By % recruited out of eligible patients:

- 90.9% St Mary's Hospital
- 89.3% St George's Hospital
- 87% John Radcliffe Hospital
- 82.1% Southampton Children's Hospital
- 78.3% Bristol Royal Hospital for Children
- 73.1% Great Ormond Street Hospital
