

Oxy-Picu Newsletter

Issue 7, March 2022

Nearly 1900 patients randomised!

Milestones

- **1883** patients recruited as of 22 March 2022
Congratulations to **Alder Hey Children's Hospital** for recruiting the **1800th patient!**
- We are just over 150 patients away from our total recruitment target. Keep up the amazing work, everyone!
- 12-month follow-up is ongoing - response rate is currently around 40%.

Recruitment

Despite a drop in recruitment rate over the last few months, we are still closing in on our overall recruitment target - only 157 patients to go now!

Recruitment rates across many studies have dropped in the New Year thanks to Covid-19 and staffing pressures. Many thanks to everyone at all sites for your continued hard work randomising, and also completing and updating data. We now aim to finish recruitment by May.

Top recruiters

By participants:

284	Great Ormond Street Hospital
204	Evelina London Children's Hospital
174	St Mary's Hospital, London
148	St George's Hospital, London
146	Southampton Children's Hospital

By % eligible patients recruited

96.7%	St Mary's Hospital
92.6%	St George's Hospital
86.0%	Evelina London Children's Hospital
84.4%	Great Ormond Street Hospital
80.0%	John Radcliffe Hospital

Oxy-PICU Stars!

Our stars for this newsletter are PI Tom Bycroft, Senior Nurse Wendy Dadson, and Research Nurses Sarah Darnell, Sobia Mustafa and Katy Bridges, from St Mary's Hospital. Thanks for doing an amazing job supporting the study!

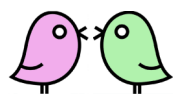

Follow-up

Thanks to all sites for continuing to return our patient survival status emails and follow-up DCRs promptly. We have just hit a milestone of 100 questionnaires completed, with a completion rate of around 40% so far.

We'd like to boost this if possible over the coming months - please continue to fill in data needed and let us know about any issues!

NHS Spine

We request that the 12-month survival status is ascertained via NHS Spine. Thank you to all who have already arranged their access to this system. Please do contact us if we can help at all with this. Thank you!
